

Portable Tables

The Ultralite Body Contour

Ideal for beauty therapists, clinical practitioners and reflexologists. The Ultralite Body Contour is the most versatile table on the market, making it popular in up-market salons and clinics. This stunning design gives you the luxury of an extra wide couch, which contours the body, but with the streamlined portability of a slimline table. Simply detach the wings and your table becomes an easy to carry size of just 63cm x 175cm.

Standard Features on both Body Contour models:

-  8 position height adjustment from 66 to 84cm
-  Fully Adjustable Face Crest Pro
-  Foot Extension (if you wish to use the face hole instead of the face crest)

Options: Face Recess Plug, Armrest, Face Pad

Accessories: Storage Hammock, Carry Bag, Bolsters, Fitted Sheets

The Ultralite Body Contour with Lift Back

The backrest of this version of the Body Contour adjusts through 10 different positions to 45 degrees. However, the main feature of this stylish table is the adjustable side wing armrests. There are two positions to fit your side wings, so if you need an armrest whilst doing a facial or supine treatment of any description, just move the armrest into position.

When you compare our price for such a well designed and versatile table, you will be completely satisfied with your choice.

Width: 63cm + wings 15cm - Total 78cm

Length: 175cm + face crest 30cm - Total 205cm

Weight: 16kg Body Contour - 17kg for Lift Back model

* both models shown here with optional armrest
