

Anatomy of a Table

What makes a great massage table?

Our portable tables have everything to make your job easy and your client's blissfully comfortable. You can relax when you have bought an ultra portable by Firm-n-Fold, knowing you have purchased a quality product with a lifetime structural warranty.

Firm-n-Fold Standard Features

- ✓ Lifetime warranty on structure
- ✓ Double layer CFC free foam
- ✓ Water based heavy duty fabrics
- ✓ 6mm plywood base with lifetime warranty
- ✓ High quality computer welded alloy frame ball polished finish
- ✓ Corner protectors on every corner
- ✓ Unique autolock leg feature
- ✓ Nylon sleeves on every moving part
- ✓ Double stainless steel cables used in aircraft
- ✓ 6 x 300kg breaking strain cables distribute weight evenly throughout the table, giving greater strength and durability

Other Leading Brands (Australia Only)

- × Lifetime warranty, but only on steel frame, not on plywood components
- × Double layer foam - optional so you pay extra
- × Petro-chemical based PVC fabrics
- × Only 3-4mm plywood, with 3-6 months warranty
- × Steel painted inferior quality. Alloy optional on lightweight models only
- × No corner protectors
- × Push buttons needed to lock table legs
- × Not on every moving part
- × Single wire only
- × Weight is distributed unevenly placing pressure on hinge points, shortening the lifespan of table
